

# X1

**"Bathe in the atmosphere and swing in high resolution."**

- And that's exactly what we want to hear from a good record player: **flair, lots of liveliness, and audiophile splendor, with a great atmosphere.**
- But the X1 brought **the miracle to life**. Loads of **passion**, everything is surprisingly relaxed. Then the **bright impulses, the defined space.**
- The X1 showed **contour, powerfully, straightforward.**
- It's here the X1 showed its qualities, **light, elegant, and very groovy.**
- Here again, we recognized the **brilliant match up of drive, tonearm, turntable, and pickup – very clever.**
