"The T1 Phono SB is an easy recommendation"

- It quickly became clear that the T1 could **deliver rocking energy with aplomb.**
- The T1 Phono SB, which had no problem **matching liveliness and potent drive.**
- Piano sounded **round and full** and certainly didn't lack **body.**
- The Pro-Ject was adept at **portraying differences in recording quality** – something I associate with any component **I can enjoy over the long term.**
- The 'table reproduced **a large, open soundstage of considerable height.**
- The T1 Phono SB did a **nice job of capturing vocals** – they **sounded natural at the front of my room.**
- **Vitality** was reproduced by the T1 Phono SB **with incredible energy and liveliness.**
- Not once was I disappointed. **I was downright impressed.**
